

# Seminar on Robotics

Guru Nanak Public School, Sarabha Nagar arranged Robotics Seminar for students from Grades 1-5. The aim of the seminar was to imbibe an aptitude for technology and inculcate the spirit of innovation among young minds. It was conducted by BrainBox Institute to encourage students to explore and learn about technology. It helped students to boost their creativity and create an enquiry-based hands on learning environment. Mrs. Parvinder Kaur Kohli, Principal emphasized that our primary objective is to inculcate and assist them to be future ready. Students excitedly shared that they had fun as they were provided with their own tool kits to learn practically
